

March 19, 2020

To all of our patients,

In recent events relating to the coronavirus (COVID-19), we understand that you may have questions and concerns. Until further notice, Parkway Chiropractic will remain open during regular business hours, in order to continue providing chiropractic for you and your family. Our patients' health and well-being has always been our top priority, and we can assure you that we are abiding by all the latest guidelines for the handling of COVID-19. We are monitoring the situation carefully and implementing the most current practices for a safe work environment. Our office continues to perform vigorous cleaning and disinfecting methods. Our treatment rooms are thoroughly cleaned and disinfected after every patient encounter, as part of our regular operation standards.

In order to keep everyone safe during this time, we ask that you call to reschedule your appointment if you have a fever or cold/flu like symptoms. If you have been exposed to someone that has recently been sick, we also ask that you reschedule your appointment until you are symptom free.

We will continue to monitor the situation for new developments so that we can quickly adapt and be able to provide the best service possible. Thank you for your cooperation!

Sincerely,

Dr. Glenn Micheels
Owner
